

Early Phase Clinical Research Support (EPCRS) Application

Protocol Title:
UHCC Study Number:
Principal Investigator:
Sub-Investigators:
Research Staff (CRA and/or Data Manager):
Protocol Specifics
Rationale:
Background:
Primary, Secondary, and Exploratory Objectives:
Endpoints:
Treatment Plan:
Eligibility Criteria:
Study Procedures:
Assessment of Endpoints:
Statistics:
Data Safety Monitoring Plan:

Early Phase Clinical Research Support (EPCRS) Application

References:
Potential For Future Research/Publications <i>(explain how successful completion of this project will lead to future publications, grants or research (i.e. Phase II Trials, NCI or National Cooperative Group Sponsored Trials)):</i>
Budget Estimates (please contact Vannida Phommachanh for assistance):
Other Potential Funding Sources:

Please attach a copy of the budget estimate and the study calendar to this submission

Submit Application Electronically to huangj8@hawaii.edu with the subject line "EPCRS Application"

Once your application has been fully submitted, it will be reviewed by the committee.

Please note, the study must have full PRMC approval before EPCRS can award funding.
