CANCER CENTER

New study at the University of Hawai'i Cancer Center in Kaka'ako

We are now actively recruiting subjects for a smoking study being conducted at the UH Cancer Center in Kaka'ako. Participation in this study will help scientists better understand why some people who smoke seem to be at higher risk for developing smoking-related diseases.

You may be eligible if you:

- Smoke at least 5 cigarettes per day for at least 3 months
- Do not use any other forms of tobacco or nicotine
- Are of Hawaiian, Japanese or Caucasian ancestry
- Are over 20 years of age ( $\geq 21$ )
- Consumer fewer than 21 drinks of alcohol per week
- Are in generally good health
- Live in Oahu
- As compensation for your time and effort, you will be provided with \$75 in gift cards

If you are interested and would like more information, please contact the study at (808) 237-3901
