## Shepherd Radiomics Lab

Services Price List		External Rate	Investigators Contribution CRS Budgets approved with NIH Subsidy
Procedure	Unit	Rate	Rate2
<b>DXA SCANS (ex. Whole body, hip, spine, forearm. Includes routine analysis and report preparation)</b>			
DXA 1 scan per visit	per scan	71.71	49.55
DXA 2 scans per visit	per scan	107.56	74.32
DXA 3 scans per visit	per scan	143.42	99.10
DXA per scan >3	per scan	35.85	24.77
DXA infant 1 scan per visit	per scan	143.42	99.10
DXA infant 2 scans per visit	per scan	215.12	148.65
DXA infant >3 scans per visit	per scan	71.71	49.55
<b>*Note: For all DXA testing, prices do not include sponsor-specified calibration and QC requirements</b>			
<b>OTHER BODY COMPOSITION</b>			
Bioimpedance including calibration, data analysis, and report	per scan	35.85	24.77
Anthropometry: Waist/hip circumferences only	per scan	35.85	24.77
Anthropometry: Full set of skinfolds and circumferences	per scan	71.71	49.55
Anthropometry 3D Optical Scan	per scan	35.85	24.77
BodPod (Air displacement plethysmography)	per scan	71.71	49.55
<b>PHYSICAL FUNCTION TESTING</b>			
Treadmill or Cycle Ergometer test w/ECG (no VO2)	per test	98.38	67.98
Treadmill or Cycle Ergometer test w/VO2(no ECG)	per test	147.56	101.96
Treadmill or Cycle Ergometer test w/ECG and VO2	per test	196.77	135.97
Muscle Dynamometer HUMAC (each position)	per test	24.60	17.00
6-minute walk test	per test	33.45	23.11
4M gait speed	per test	33.45	23.11
Stair Climb (routine)	per test	33.45	23.11
Grip Strength	per test	33.45	23.11
Short Physical Performance Battery (SPPB)	per test	49.19	33.99
Spirometry (routine)	per test	100.00	69.10
Spirometry (complex)	per test	n/a	n/a
<b>OTHER METABOLIC MEASUREMENTS</b>			
Resting Energy Expenditure (Indirect Calorimetry)	per test	98.38	67.98
Deuterium		159.51	122.70
Use of lab space equipment (by special arrangement)**	per hour	98.38	67.98
Liver Ultrasound - Fibroscan	per scan	72.358	50.00
<b>**Note: Use of lab equipment by PI's personnel allowed only after specific training and certification</b>
